# 3 Fairs, 3 Success

*As a 10-year-old marina giving service in Seferihisar, İzmir, where one can feel deeply the historic fabric and local features of the “slow” city; Teos Marina has showed up in two important fairs, one in Düsseldorf city of Germany and one in İstanbul.*

*We invited sailors around the world to one of the biggest marine fair Düsseldorf Boat Show held between 18-26 January. We attracted a big attention of foreign visitors during the fair.*

*Also during CNR Eurasia Boat Show held in İstanbul, Teos Marina promoted immaculate coves and bays of Sigacik as well as its unique nature, local tastes, history and warm atmosphere in cooperation with Seferihisar Municipality.*

*In the meantime, officers of Seferihisar Municipality promoted the area, the featured agricultural product tangerine and dried grapes at Teos Marina booth.*

*Considering the fact that marine tourists spends much more money than regular tourists, the participants of marine tourism in the area promise a huge added value to Sigacik.*

*While the event threw thousands of sea-lovers together, Teos Marina stood out by its 100% occupancy rate and it could promote the whole area, bays nearby and its services to the crowd.*
